similar in all respects to the plan of San Diego, which the only judicial tribunal passing upon the question was declared to have been backed or supported by armed forces through a state of war by Carranza in 1915, and would were it not for the fact that the plan of San Diego itself anticipated and hide present plan follower were and are in exact line with the acts of June 18, 1918, from Zimmerman, in von Kettner, then ambassador from Germany to Mexico.

The Zimmerman note contained the paragraph: "We, government, shall give general financial support to Mexico, and it is understood that Mexico is to reconquer the lost territory in New Mexico, Texas and Arizona."

In this connection the government called attention to the expression in the Zimmerman note, that Mexico communicated with Japan suggesting adherence to the plan and offer her mediation between Japan and Germany.

The evidence in possession of the committee, Senator Taft informed the president, indicate that conditions now along the border are rapidly taking on the same character which had been assumed in our negotiations with Mexico prior and subsequent to the date fixed for the uprising under the plan of San Diego.

Messenger Boy Injured.
Richard Hunt, 18 years of age, employed by the Hasty Messenger company, sustained a sprained ankle and bruise as the result of collision between an Admiral jitney and a wagon at Second and Franklin streets late yesterday afternoon. Hunt is the son of Jack Hunt, barber.

Let People Vote on War.
One of the dramatic incidents in the senate consideration of the treaty of peace with Germany, embodying the league of nations covenant, was the speech of Senator Gore of Oklahoma on his amendment, providing that no nation, when not attacked, could go to war until the question of going to war had been submitted to the people and an advisory vote had been taken. Senator Gore's speech on his amendment was one of the greatest speeches of the debate. Blind, as he is, and so speaking without notes, of course, in a speech of two hours or more in length he made one of the most effective pleas for universal peace ever made on the floor of the senate. The Oklahoman senator is a real orator with the fine gift of eloquence that requires no elaborate gestures to make its appeal felt, and his great speech on the league won enthusiastic congratulations for him from his fellow senators. J. R. T.—Advt.

WILDROOT will improve hair or we pay you

Wildroot is a guaranteed preparation which goes right at the hidden cause of coming baldness—the scaly, itchy crust of dandruff. Wildroot removes this obnoxious blemish from the thick lustrous hair normal to any healthy scalp.

Wildroot Liquid Shampoo or Wildroot Shampoo Soap, used in connection with Wildroot Hair Tonic, will save the treatment.

REFINERS SEND OIL COMMITTEE

Oklmulgee Elk Lodge Maintains Salvation Army for One Year

CONTINUED FROM PAGE ONE
The Benevolent and Protective Order of Elks at Okmulgee has raised \$5,000 for the maintenance of a Salvation Army there. They have in addition to the \$5,000, raised a Christmas fund of \$1,500, which is on deposit at a bank in Okmulgee. The Elks have assumed the responsibility of financing the work of the Salvation Army at Okmulgee for the ensuing year. All subscriptions and donations for the work will be made through the offices of the Elks' lodge.

The officers saw the price of fuel oil hammered until many refiners were closing and many were running deficits because it would cost more to move than to keep running at a loss. Under such unfavorable conditions the price of crude was recently raised to \$2.50 per barrel.

Tank car movements were rapid, ordinary costs but less in comparison with those existing today. The cost of the refined oil and kerosene, 75¢ to 75¢ cents per barrel, \$2.50 per barrel. All increases in the refiners. Crude \$1.25 per barrel.

High wages and general prosperity means little to the man who has been stricken with tuberculosis unless you are willing to share your prosperity with him by buying a few Red Cross Christmas Seals.

NO DECISION HANDED DOWN

Supreme Court Makes no Ruling and
Wets Must Wait Until Monday.

WASHINGTON, Dec. 8.—No decision on the constitutionality of the wartime prohibition and the Volstead enforcement act was rendered today by the supreme court and there was no indication when a decision would be handed down.

Arguments on the constitutionality of the act had been presented to the court at the request of the government and decision had been expected generally when the court reconvened today after a recess of two weeks.

As Monday is the regular opinion day of the court, a decision is not to be expected before next Monday. If

then with humorous complications. The entire entertainment is a mixture of music and song, jollity and fun with a lavish expenditure for costumes, scenic and electric novelties. Throughout the action a number of high class specialties are introduced, a real chorus of vivacious and pretty girls. The cast of principals and girls are of the caliber of Broadway cast with the New York shows. Harry Steeple is the principal comedian and the applause that greeted him yesterday showed that he is well known here. Vic Dayton carried away the honors among the female principals with her number, "Good Man is Hard to Find." Nellie Nice,

the prima donna, has a decidedly pleasant personality and an excellent singing voice and presents her songs with intelligence. Ethel de Veaux carries the honors of soubrette. Willie Mack and Billy Haiperin are seen in a dancing specialty that will please the more critical. The grand and elaborate scenes that serve as a medium for the principals and chorus to introduce singing and dancing specialties. The feature of the entire entertainment is a dancing ballet which is a beautiful

novelty. All in all it is the best show of its kind seen here this season.—Advt.

CATARRH

These ties are guaranteed to their shape throughout the durability of the material.

A Home Recipe for Wrinkled, Saggy Skin

The famous salolite lotion recommended by beauty specialists for removing wrinkles, and for reducing distended pores can easily be made at home. Ask your druggist for salolite in powder form, one ounce, and a half pint of witch hazel. Dissolve the powder in the witch hazel and bathe the face, neck and hands in the solution. Results are remarkable and instantaneous. The skin tightens and this naturally reduces wrinkles as well as wrinkles or folds about the neck, cheeks or hands. The tissue beneath the skin also becomes firmer and more solid.

One feels much refreshed and exhilarated after using this truly wonderful preparation. Many women look 5 to 10 years younger after using it only a short time.—Advt.
